Laura Doring is seeking approval from the Preble Town Board to participate in the **Spruce Up America** sponsored by Cortland County Soil & Water Conservation District. This program is designed to bring teachers, students and community organizers together to improve the local environment. Tree planting is one of the environmental projects available. Laura feels the Town should benefit from partnering with a local school or youth group to plant some trees in Preble Park. She is willing to head up this project and is looking for volunteers to help. Dave Morse has volunteered his services, and Peter Knapp, who thinks this is a great project, will help.

Peter Knapp mentioned that there are petitions going around town regarding the Post Office move.

Debra Brock moved to adjourn the special meeting, seconded by Linda Riehlman; meeting adjourned at 7:57.

Respectfully submitted,
